Abuse Discussion	Since follow-up was promised, various approaches were considered. New uncertainties have been introduced by the unexpected intervention by the Pope at the November USCCB meeting and the cancellation - by the Archdiocese - of the training video for all church personnel dealing with children because of some of the participants in that video. We decided on a series of letters and news items dealing with this crisis under the aegis of the C&E Commission to begin in January church bulletins rather than another evening discussion by parishioners. Further steps will be discussed after the Vatican Meeting on the Crisis is completed in February.	All
